DRIVING RESILIENCE THROUGH NON-DESTRUCTIVE TESTING

The fourth iteration of the Singapore International Non-destructive Testing Conference and Exhibition (SINCE2022) organised by Non-Destructive Testing Society Singapore (NDTSS) will take place at the iconic Marina Bay Sands Resort and Convention Centre, Singapore from 7-8th November 2022.

The conference includes a technical programme that will present the latest research and technology developments as well as practical applications of NDT in all major industrial areas. The technical programme will feature keynote presentations from internationally renowned industry leaders. The associated exhibition will emphasise the close links between research and development and the equipment and instruments used in industry.

SINCE 2022 aims to provide a unique opportunity to establish contacts and exchange experience, new developments and ideas with local, regional and international delegates from a wide range of expertise.

The next generation of industrial production and product lifecycle management encompasses the complete networking of all industry areas (Industry 4.0). NDT has to follow these trends by not only adapting NDT techniques to new technologies such as additive manufacturing, but also by introducing the capabilities of cyber systems into the inspection and maintenance processes.

The conference theme “Driving Resilience through Non-Destructive Testing” encompasses these developments.

CONFERENCE INFORMATION

IMPORTANT INSTRUCTIONS FOR SINCE AUTHORS

- a) Abstract submission will be open from 10th February to 30th May 2022. Early submission is welcomed and strongly encouraged.
- b) Abstract submission shall be via the conference website at <https://easychair.org/conferences/?conf=since2022>
- c) All submissions must be in English.
- d) All submissions must be in MS-Word format following the template available for download from the conference website.
- e) All submissions will be reviewed by the Scientific Committee for originality, relevance and industrial impact.
- f) Notice of Acceptance will be issued within 14 days of abstract submission.
- g) Authors whose submissions are accepted must register for the conference by 30th June 2022 via <https://www.since2022.org>

CONFERENCE INFORMATION

IMPORTANT INSTRUCTIONS FOR SINCE AUTHORS

- h) Manuscripts for full papers must be received by 31st August 2022 if available.
- i) Each technical presentation will be allocated 15 minutes for presentation plus 5 minutes for questions and discussions. Presentations must be submitted during the break immediately prior to your session. Conference Secretariat will upload your presentation to the AV equipment. The use of personal laptops is not allowed. The current version of Microsoft Powerpoint is installed. Your presentation may include videos and animations. All major codecs and players are supported. The projector resolution will be 1024 by 768 or better. All presentations must be delivered in English.
- j) All full papers will be published open access in NDT.net and in e-proceedings under Creative Commons licenses. You may choose either Attribution or Attribution-NoDerivs as the license type

CONFERENCE INFORMATION

CONFERENCE TOPICS

SINCE2022 welcomes original contributions from practicing NDT professionals, engineers, scientists and developers in academia, research and industry (manufacturers, suppliers, service providers and end-users) on any aspect of non-destructive testing and evaluation including, but not limited to, the following areas:

- Digitalisation and NDE 4.0
- Novel and Non-traditional NDT Techniques and Applications
- NDT for Additive Manufacturing
- Ultrasonic Testing (UT)
- Long Range Guided Wave Inspection (LRUT)
- Laser-based NDT including holography and shearography
- Radiographic Testing including Computed Tomography
- Visual and Optical Testing
- Penetrant and Leak Testing
- Acoustic Emission Testing
- Magnetic Testing
- Eddy Current, Flux leakage and Electromagnetic Testing
- Infrared Testing, Thermography
- Signal and Image Processing in NDT/NDE
- Modelling and Simulation
- Materials Characterisation
- Innovation and Automation of NDT/NDE
- Application-specific NDT/NDE
- Education, Training and Certification

IMPORTANT DATES

**ABSTRACT SUBMISSION
DEADLINE**

30 MAY 2022

PAPER SUBMISSION

31 AUG 2022

**NOTICE OF ACCEPTANCE

SINCE2022 will be held at Marina Bay Sands Expo and Convention Centre. Marina Bay Sands is a premier entertainment destination with its vibrant diversity of attractions and facilities.

Located along the Marina Bay waterfront, Marina Bay Sands features three cascading hotel towers tapped by an extraordinary sky park, 'floating' crystal pavilions, a lotus-inspired Museum, retail stores featuring cutting-edge labels and international luxury brands, trendy Celebrity Chef restaurants, endless entertainment at the theatres, the hottest nightclubs and a Las Vegas-style casino.

The Conventions and Exhibitions facilities feature state-of-the-art technology with highly flexible exhibition halls and a convention centre that can host over 45 000 delegates.
